Fellow Shooters

Let me say a big thank you to Roger and Margret Schuck for their help in making the shoot more user friendly. The little boxes on the side of the cages to house the remotes and the Perspex holders for the target descriptions are all their doing. Not only have they cleverly designed them for us to recycle the score cards but they have also took the time out to come and fit them!

Eyes and Ears – When designing and setting the layouts the team do everything in their power to make it as safe as possible but due to the nature of our sport there are things we cannot control such as changes or gusts of wind or the noise of the shotgun discharge which is why we recommend everyone wears Personal Protective Equipment in the form of Safety Glasses and Hearing protection. This is why it appears in the club rules for members and visitors and why all of the Safety Officers (All of the ground Staff are qualified CPSA Safety Officers) will constantly be reminding everyone on the layouts of this need, so please spare a thought for them if you get reminded, they are only thinking of you!

Membership – you will all be pleased to hear that I have negotiated a deal for members at a local gun shop. Solware have agreed to give all our members discounts on anything they buy on production of their membership card. Please note that not all products will attract the same discounts some will be greater than others, but be sure the more you spend the more you save.

Thank you for your continued support

The Welsh Covert Clay Club Team.
